9-1-1 Outages/Remote/Community Isolations:

- None reported.

Service Interruptions:

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Light precipitation through the afternoon followed by more significant rain and snow tonight and Thursday as a Pacific frontal system moves through.
- A chance of thunderstorms most areas Thursday afternoon and evening.
- A brief break Friday then cool, wet, and breezy weather expected over the weekend into the middle of next week.

SOUTHERN CALIFORNIA

- A low pressure system will bring periods of stronger and gusty southwest to west winds in the mountains and deserts.
 - The first round of winds will peak tonight, with a second round of stronger winds peaking Thursday afternoon and evening.
 - Areas of southwest to west winds 20 to 30 mph with gusts to 50 mph, with stronger winds of 30 to 40 mph with gusts to 60 mph for Thursday afternoon on the desert mountain slopes.
 - Location: From the mountain crests and along the desert slopes of the mountains into adjacent desert areas.
 - Impacts: Hazardous travel conditions, especially for high-profile vehicles due to gusty cross winds and areas of reduced visibility.

WEATHER KEY POINTS

05/15/19 - 05/21/19

Wednesday-Thursday

- Widespread precipitation and cooler conditions will spread across Northern and Central CA Wednesday, and into Southern CA by Thursday.
 - Strong storm for mid-May with potential for heavy rainfall Wednesday for Coastal and Northern Inland Regions
 - The potential for thunderstorms and periods of heavy rainfall spreads to the rest of Inland and Southern Regions for Wednesday night and Thursday.
 - Snow levels will drop to 5,000-6,000 feet by Thursday, with significant impacts to travel likely in the Sierra due to accumulating snow, gusty winds, and reduced visibility.
- Gusty winds expected across Southern Region and Southern Inland Region Wed-Thu.

Friday-Sunday

- Friday will be relative break in precipitation, though some isolated to scattered showers are still possible
- Another storm system will move into the Coastal and Inland Regions Saturday, with cooler weather and showery conditions spreading south and lingering into Sunday.
 - Additional thunderstorms will be possible across mainly the Inland Region Saturday into Sunday.
- Gusty winds will continue across portions of Southern Region, especially on Sunday.

Monday-Tuesday

- The weather will remain active into the beginning of next week, especially across the northern half of the state, with additional storm systems moving across the area.

CALIFORNIA WEATHER IMPACTS
